

Certificate of conformity

This is to certify that:

The BRISKO K-stage type scaffold with the 4mm wall standards.

has been loaded and tested by an independent test house, LLOYDS BRITISH TESTING LTD., in September and October of 2007 and has subsequently been extensively modelled in a Finite Element Analysis system.

Tests and modelling have been carried out under the guidance of the following European Normalisation documents:

EN12810-2003 parts 1 and 2
Facade scaffolds made of prefabricated components.

EN12811/part 1-2003 /part 2-2004/part 3-2002
Temporary works equipment

EN1993-2005
Design of steel structures

and has been found to comply with these documents with regard to the load tables and tie patterns given in the:

BRISKO - 'K-stage' Instruction Manual issued in April 2010

This certificate does not remove from any person or organisation the necessity to comply with all regulations, local, national or international, or any condition required to be met within any contractual agreement.

Compliance certified by:

A handwritten signature in black ink, appearing to be 'R Stoneman', enclosed within a hand-drawn oval.

R Stoneman
